

Messaging

Start the conversation with
your next great hire

JobTarget's Messaging tool makes it easier than ever to connect with candidates by enabling direct communication right inside Candidate Manager.

This helps you:

- Connect with top talent faster
- Manage candidates and conversations in one place
- Never miss a connection

Key Features

Message Applicants Directly

Start and manage conversations in Candidate Manager using direct messaging.

Real-Time Notifications

Stay in the loop with browser and email alerts when candidates reply so opportunities don't fall through the cracks.

Integrated Experience

Messaging is built directly into your JobTarget workflow - no extra tools to slow you down.

No more missed connections and wasted time. Messaging brings the conversation to you so you can move faster and make better hires.
