1 Create Better Job Posts

Start your hiring process with stronger job ads that attract the right candidates.

JobTarget Intelligence Reports: Get insights about the hiring market, competition, and job trends to help you make better hiring decisions.

Compensation Analyzer: See salary ranges for your role so you can offer competitive pay and attract better candidates.

Job Description Builder: Quickly generate job descriptions using AI. Customize them for your role and post them in seconds.

The result: Job ads that stand out and attract more qualified applicants.

2 Get Your Jobs in Front of More Candidates

Once your job is ready to post, JobTarget 360 helps you reach candidates across thousands of job sites.

Easy Apply: Increase applicant volume by 4x with a simple, mobile optimized application process that makes it easier for candidates to apply.

Programmatic Job Advertising: Automatically promote your jobs across 100+ job sites. Our system adjusts spending to help you get the best results for your budget.

Job Site Marketplace: Supplement your automated advertising with targeted posting to more than 25,000 leading and niche job boards.

Media Services: Our advertising specialists audit your strategy, negotiate bulk job board rates, and help solve difficult hiring challenges.

The result: More visibility for your jobs and more qualified applicants.

Find and Screen the Best Candidates Faster

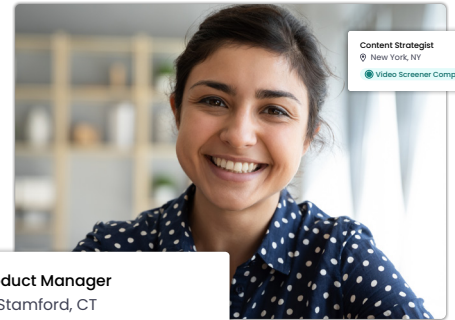

When applications start coming in, JobTarget 360 helps you focus on the best candidates quickly.

Sourcer: Search a database of more than 120 million candidates to reach out to qualified, passive candidates.

Video Screener: Ask candidates to record answers to screening questions so you can filter out bots and quickly identify strong candidates before scheduling interviews.

Messaging: Send messages directly to candidates from within the platform to keep the hiring process moving.

The result: Spend less time sorting through applicants and more time interviewing the right people.
