Recruiter Benefits:

Post jobs from your ATS without switching platforms

Reach specialized job boards matching your industry

One login manages all postings and candidate applications

Reclaim time to focus on candidate relationships

> Better hiring starts with less friction. When your job posting platform connects seamlessly to your ATS, you spend less time on logistics and more time with candidates.

Without JobTarget Integrations:

- ✗ Logging into multiple job boards separately
- ✗ Manually posting the same job repeatedly
- ✗ Re-entering applicant data in multiple systems
- ✗ Spending hours on posting instead of recruiting

With JobTarget:

- ✓ Post to 25,000+ job boards from your ATS
- ✓ One integration replaces dozens of individual logins
- ✓ Applications automatically sync back to your ATS
- ✓ Reclaim time for high-value recruiting work
