

Video Screener

Screen Smarter, Hire Faster

Reduce screening time and get deeper insight into candidates with JobTarget's Video Screener. Applicants will be invited to record responses to your custom questionnaires, giving you insights into their communication skills, enthusiasm, and fit for the role.

This helps you:

- Accelerate your hiring by automating screening
- Prioritize engaged candidates (and filter out bots)
- See the person behind the resume
- Show hiring managers why a candidate stands out

Key Features

Flexible Screening Questionnaires

Create your own tailored questionnaire for each role or save time with pre-built templates.

Multiple Response Formats

Choose between video or audio responses to fit the role or candidate preferences.

Automated Invites

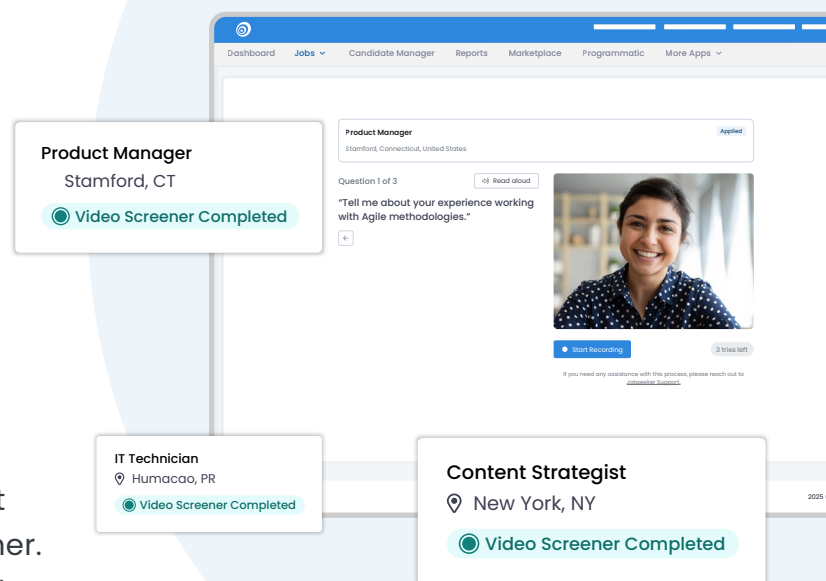

Automatically invite candidates to complete screening as soon as they apply.

Convenient Review

View, replay, and share all responses directly in Candidate Manager – whenever it fits your schedule.

Resumes and cover letters only tell part of the story. With Video Screener, you get faster screening, better insights, and smarter hires.
